

1st World Congress on
Olfaction & Issues

Modulation of Physiological Responses

Applications in the Pharmaceutical, Food & Cosmetic Industries

Latest Advances, Future Prospects & Directions

**Symposium on Pheromones:
Scientific Credibility &
Practical Applications in Humans**

Report of the Conference

November 4-5, 2010

Maison de la Recherche, Paris, France

Conference Produced by

TAKAYAMA

Dear Colleagues,

The 1st edition of **Olfaction & Issues 2010**, which was held in Paris on November 4-5, was a big success.

The Scientific Committee of Olfaction & Issues decided to **reedit the conference in 2011**; the pre-programme and hot topics will be published later.

The speakers will publish their contribution in a **scientific journal** and a **project of a book** is under discussion.

The Organising and Scientific Committee of Olfaction & Issues would like to thank all speakers for their contribution.

Dr V. Matarazzo

Pr T. Jacob

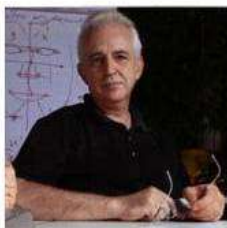

Dr S. Michnick

Pr B. Pause

Mr N. Chabot

Pr K. Grammer

Dr T. Saxton

Dr M. Sergeant

Pr M. Gratzl

Pr A. Welge-Lüssen

Dr B. Palouzier-Paulignan

Dr M. Bensafi

Dr M. Moisseff

Pr E. Rolls

Pherosynthese Awarded

At the end of the conference, the Scientific Committee of Olfaction and Issues awarded **Pr Patrick Pagéat**, from **Pherosynthese Research Institute**, for their innovation on Pheromones.

Pr Patrick Pagéat
